

SYNOPSIS

This case was initiated by the U.S. Nuclear Regulatory Commission (NRC), Office of Investigations (OI), Region I Field Office, on February 4, 1998, to determine whether a [REDACTED]

[REDACTED] Salem/Hope Creek Generating Stations, Public Service Electric & Gas Company (PSE&G), was terminated on [REDACTED] as a result of raising a concern to the PSE&G Employee Concerns Program (ECP), regarding the SGS/HCGS Visual Examination VT-2 Level II testing and certification process.

Based upon the evidence developed during this investigation, OI concludes that the [REDACTED] was not terminated as a result of raising a concern to the ECP.
